**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**  
**(in thousands, except per share amounts)**

**NOTE 1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying unaudited condensed consolidated financial statements of Clarus Corporation and subsidiaries (which may be referred to as the “Company,” “Clarus,” “we,” “us” or “our”) as of June 30, 2020 and December 31, 2019 and for the three and six months ended June 30, 2020 and 2019, have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”), instructions to the Quarterly Report on Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting only of normal recurring adjustments, except otherwise disclosed) necessary for a fair presentation of the unaudited condensed consolidated financial statements have been included. The results for the three and six months ended June 30, 2020 are not necessarily indicative of the results to be obtained for the year ending December 31, 2020. These interim financial statements should be read in conjunction with the Company’s audited consolidated financial statements and footnotes thereto included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2019, filed with the Securities and Exchange Commission (the “SEC”) on March 9, 2020.

Clarus, incorporated in Delaware in 1991, acquired Black Diamond Equipment, Ltd. (“Black Diamond Equipment”) in May 2010 and changed its name to Black Diamond, Inc. in January 2011. In October 2012, we acquired PIEPS Holding GmbH and its subsidiaries (collectively, “PIEPS”).

On August 14, 2017, the Company changed its name from Black Diamond, Inc. to Clarus Corporation and its stock ticker symbol from “BDE” to “CLAR” on the NASDAQ stock exchange. On August 21, 2017, the Company acquired Sierra Bullets, L.L.C. (“Sierra”). On November 6, 2018, the Company acquired the assets of SKINourishment, Inc. (“SKINourishment”).

On August 6, 2018, the Company announced that its Board of Directors approved the initiation of a quarterly cash dividend program of \$0.025 per share of the Company’s common stock (the “Quarterly Cash Dividend”) or \$0.10 per share on an annualized basis. The declaration and payment of future Quarterly Cash Dividends is subject to the discretion of and approval of the Company’s Board of Directors. On May 1, 2020, the Company announced that, in light of the COVID-19 pandemic, its Board of Directors had temporarily replaced its Quarterly Cash Dividend with a stock dividend and on July 31, 2020, the Company announced that the stock dividend will continue for the quarter ending September 30, 2020. Each record holder of shares of the Company’s common stock as of the close of business on August 10, 2020 (the “Record Date”) will be entitled to receive 0.0021 of a share of the Company’s common stock for each share of common stock held on the Record Date. The Company will distribute the stock dividend on August 21, 2020, the distribution date. No fractional shares will be issued, and stockholders will receive cash for such fractional interests based on the closing market price of the Company’s common stock on the Record Date. The quarterly stock dividend will have a value of \$0.025 per share, based on the closing market price on July 30, 2020. The dividend reflects an aggregate distribution of approximately 63 shares with a market value of approximately \$747.

**Nature of Business**

Headquartered in Salt Lake City, Utah, Clarus, a company focused on the outdoor and consumer industries, is seeking opportunities to acquire and grow businesses that can generate attractive shareholder returns. The Company has net operating tax loss carryforwards which it is seeking to redeploy to maximize shareholder value. Clarus’ primary business is as a leading designer, developer, manufacturer and distributor of outdoor equipment and lifestyle products focused on the climb, ski, mountain, sport and skincare markets. The Company’s products are principally sold under the Black Diamond®, Sierra®, PIEPS® and SKINourishment® brand names through outdoor specialty and online retailers, distributors and original equipment manufacturers throughout the U.S. and internationally.

Through our Black Diamond, PIEPS, and SKINourishment brands, we offer a broad range of products including: high-performance, activity-based apparel (such as shells, insulation, midlayers, pants and logowear); rock-climbing footwear and equipment (such as carabiners, protection devices, harnesses, belay devices, helmets, and ice-climbing gear); technical backpacks and high-end day packs; trekking poles; headlamps and lanterns; gloves and mittens; and skincare and other sport-enhancing products. We also offer advanced skis, ski poles, ski skins, and snow safety products, including avalanche airbag systems, avalanche transceivers, shovels, and probes. Through our Sierra brand, we manufacture a wide range of high-performance bullets and ammunition for both rifles and pistols that are used for precision target shooting, hunting and military and law enforcement purposes.

**Impact of COVID-19**

The global outbreak of COVID-19 was declared a pandemic by the World Health Organization and a national emergency by the U.S. government in March 2020, with governments world-wide implementing safety measures restricting travel and requiring citizen

lockdowns and self-confinements for quarantining purposes. This has negatively affected the U.S. and global economy, disrupted global supply chains, and resulted in significant transport restrictions and disruption of financial markets. The impact of this pandemic has created significant uncertainty in the global economy and has affected our business, employees, retail and distribution partners, suppliers, and customers.

The decline in retail demand within our Black Diamond segment over the second half of March 2020 and during the three months ended June 30, 2020, negatively impacted our sales and profitability for the first and second quarters of 2020. We also expect an adverse impact on the Company's sales and profitability in future periods. The duration of these trends and the magnitude of such impacts cannot be precisely estimated at this time, as they are affected by a number of factors (some of which are outside management's control), including those presented in Item 1A. Risk Factors of our Quarterly Report for the quarterly period ended March 31, 2020.

We are mitigating some of the negative impacts to our operating results by taking significant actions to improve our current operating results and liquidity position, including drawing on the credit facility, suspending share repurchases and cash dividends, postponing non-essential capital expenditures, reducing operating costs, modulating production in line with demand, initiating workforce reductions and furloughs, and substantially reducing discretionary spending. We will continue to adjust mitigation measures as needed related to health and safety. Those measures have and might continue to include temporarily suspending manufacturing or retail operations, modifying workspaces, continuing social distancing policies, implementing new personal protective equipment or health screening policies at our facilities, or such other industry best practices needed to continue maintain a healthy and safe environment for our employees amidst the pandemic.

These countermeasures are expected to partially mitigate the impacts of COVID-19 on our full year 2020 financial results. As the impact of the COVID-19 pandemic on the economy and our operations evolves, we will continue to assess the impact on the Company and respond accordingly.

Sustained adverse impacts to the Company, certain suppliers, dealers or customers may also affect the Company's future cash flows, liquidity, and valuation of certain assets and therefore may increase the likelihood of an impairment charge, write-off, or reserve associated with such assets, including goodwill, indefinite and finite-lived intangible assets, property and equipment, inventories, accounts receivable, tax assets, and other assets.

#### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Estimates are used to record the allowance for credit losses and doubtful accounts, liabilities for product warranties, excess or obsolete inventory, valuation of deferred tax assets, and valuation of long-lived assets, goodwill and other intangible assets. We base our estimates on historical experience and other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from these estimates.

#### **Significant Accounting Policies**

##### *Accounting Pronouncements not yet adopted*

In March 2020, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2020-04, *Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting*. This ASU provides temporary optional expedients and exceptions to existing guidance on contract modifications and hedge accounting to facilitate the market transition from existing reference rates, such as the London Inter-Bank Offered Rate ("LIBOR") which is being phased out in 2021, to alternate reference rates, such as the Secured Overnight Financing Rate ("SOFR"). The standard was effective upon issuance and allowed application to contract changes as early as January 1, 2020. The provisions have impact as contract modifications and other changes occur while LIBOR is phased out. The Company is in the process of evaluating the optional relief guidance provided within this ASU. Management will continue its assessment and monitor regulatory developments during the LIBOR transition period.

- (a) As of June 30, 2020, the Company had drawn \$9,566 on the \$60,000 revolving commitment that was available under the credit agreement with JPMorgan Chase Bank, N.A., with a maturity date of May 3, 2024. The Company pays interest monthly on any borrowings on the Credit Agreement. As of June 30, 2020 and December 31, 2019, the rate was 1.7500% and 3.3125%, respectively.

The Credit Agreement contains restrictions on the Company's ability to pay dividends or make distributions or other restricted payments if certain conditions in the Credit Agreement are not fulfilled. The Credit Agreement also includes other customary affirmative and negative covenants, including financial covenants relating to the Company's consolidated total leverage ratio and fixed charge coverage ratio. The Company was in compliance with the debt covenants set forth in the Credit Agreement as of June 30, 2020.

- (b) A foreign subsidiary of the Company has a revolving credit facility with a financial institution which matures on March 31, 2022. The foreign subsidiary pays interest monthly on any borrowings on the credit facility. As of June 30, 2020, the rate was 1.3864%.
- (c) Under the Credit Agreement, the Company had access to a term loan facility that would be available for drawdown until May 3,

2020. On April 30, 2020, the Company borrowed \$20,000 under such term loan facility and used the proceeds to pay down amounts outstanding under the revolving portion of the Credit Agreement. The Company is required to repay the term loan through quarterly payments of \$1,000 each beginning with September 30, 2020, and any remaining obligations will be repaid in full on the maturity date of the Credit Agreement of May 3, 2024. The Company pays interest monthly on any borrowings on the Credit Agreement. As of June 30, 2020, the rate was 1.6875%.

**NOTE 6. DERIVATIVE FINANCIAL INSTRUMENTS**

The Company's primary exchange rate risk management objective is to mitigate the uncertainty of anticipated cash flows attributable to changes in foreign currency exchange rates. The Company primarily focuses on mitigating changes in cash flows resulting from sales denominated in currencies other than the U.S. dollar. The Company manages this risk primarily by using currency forward and option contracts. If the anticipated transactions are deemed probable, the resulting relationships are formally designated as cash flow hedges. The Company accounts for these contracts as cash flow hedges and tests effectiveness by determining whether changes in the expected cash flow of the derivative offset, within a range, changes in the expected cash flow of the hedged item.

At June 30, 2020, the Company's derivative contracts had remaining maturities of less than one and one-half years. The counterparties to these transactions had both long-term and short-term investment grade credit ratings. The maximum net exposure of the Company's credit risk to the counterparties is generally limited to the aggregate unrealized loss of all contracts with that counterparty. At June 30, 2020, there was no such exposure to the counterparties. The Company's exposure of counterparty credit risk is limited to the aggregate unrealized gain of \$458 on all contracts at June 30, 2020. The Company's derivative counterparties have strong credit ratings and as a result, the Company does not require collateral to facilitate transactions.

The Company held the following contracts designated as hedging instruments as of June 30, 2020 and December 31, 2019:

|   | <b>June 30, 2020</b>     |                    |

| Foreign exchange contracts - Swiss Francs     | CHF 661                  | August 2020        |

For contracts that qualify as effective hedge instruments, the effective portion of gains and losses resulting from changes in fair value of the instruments are included in accumulated other comprehensive (loss) income and reclassified to sales in the period the underlying hedged transaction is recognized in earnings. Gains of \$294 and \$302 were reclassified to sales during the three months ended June 30, 2020 and 2019, respectively, and \$582 and \$583 were reclassified to sales during the six months ended June 30, 2020 and 2019, respectively.

**NOTE 8. FAIR VALUE MEASUREMENTS**

We measure certain financial assets and liabilities at fair value on a recurring basis. Fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, under a three-tier fair value hierarchy that prioritizes the inputs used in measuring fair value as follows:

Level 1 - inputs to the valuation methodology are quoted market prices for identical assets or liabilities in active markets.

Level 2 - inputs to the valuation methodology include quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are based on prices or valuation techniques that are unobservable.

**NOTE 9. EARNINGS (LOSS) PER SHARE**

Basic earnings (loss) per share is computed by dividing earnings (loss) by the weighted average number of common shares outstanding during each period. Diluted earnings (loss) per share is computed by dividing earnings (loss) by the total of the weighted average number of shares of common stock outstanding during each period, plus the effect of dilutive outstanding stock options and unvested restricted stock grants. Potentially dilutive securities are excluded from the computation of diluted earnings (loss) per share if their effect is anti-dilutive to the loss from continuing operations.

The following table is a reconciliation of basic and diluted shares of common stock outstanding used in the calculation of earnings (loss) per share:

|   | <b>Three Months Ended</b> |                      | <b>Six Months Ended</b> |                      |

For the three months ended June 30, 2020 and 2019, equity awards of 4,633 and 4,395, respectively, and for the six months ended June 30, 2020 and 2019, equity awards of 4,590 and 605, respectively, were anti-dilutive and therefore not included in the calculation of earnings (loss) per share for these periods.

**NOTE 10. STOCK-BASED COMPENSATION PLAN**

Under the Company's current 2015 Stock Incentive Plan (the "2015 Plan"), the Company's Board of Directors has flexibility to determine the type and amount of awards to be granted to eligible participants, who must be employees, directors, officers or consultants of the Company or its subsidiaries. The 2015 Plan allows for grants of incentive stock options, nonqualified stock options, restricted stock awards, stock appreciation rights, and restricted units. The aggregate number of shares of common stock that may be granted through awards under the 2015 Plan to any employee in any calendar year may not exceed 500 shares. The 2015 Plan will continue in effect until December 2025 unless terminated sooner.

During the six months ended June 30, 2020, the Company issued stock options for an aggregate of 263 shares under the 2015 Plan to directors and employees of the Company. Of the 263 options issued, 38 options vest in four equal consecutive quarterly tranches from the date of grant. 145 options issued vest in four equal annual tranches beginning December 31, 2020. 50 options issued vest in five equal annual tranches beginning December 31, 2020. The remaining 30 options issued vest in three equal annual tranches beginning December 31, 2020.

For computing the fair value of the stock-based awards, the fair value of each option grant has been estimated as of the date of grant using the Black-Scholes option-pricing model with the following assumptions:

**Options Granted During the Six Months Ended June 30, 2020**

|                             |                  |
|-----------------------------|------------------|
| Number of options           | 263              |
| Option vesting period       | 1 - 5 Years      |
| Grant price                 | \$9.99 - \$11.84 |
| Dividend yield              | 0.84% - 1.00%    |
| Expected volatility (a)     | 40.9% - 44.2%    |
| Risk-free interest rate     | 0.41% - 0.65%    |
| Expected life (years) (b)   | 5.31 - 6.25      |
| Weighted average fair value | \$3.72 - \$4.35  |

(a) Expected volatility is based upon the Company's historical volatility.

(b) The expected term was determined based upon the underlying terms of the awards and the category and employment history of employee award recipient.

The grant date fair value of the stock options granted during the six months ended June 30, 2020 was \$1,067, which will be recognized over the vesting period of the options.

The total non-cash stock compensation expense related to restricted stock, stock options and stock awards recorded by the Company for the three months ended June 30, 2020 and 2019 was \$616 and \$783, respectively, and for the six months ended June 30, 2020 and 2019 was \$1,229 and \$1,568, respectively. For the three and six months ended June 30, 2020 and 2019, the majority of stock-based compensation costs were classified as selling, general and administrative expenses.

As of June 30, 2020, there were 1,403 unvested stock options and unrecognized compensation cost of \$4,340 related to unvested stock options, as well as 600 unvested restricted stock awards and unrecognized compensation costs of \$2,518 related to unvested restricted stock awards.

**NOTE 11. COMMITMENTS AND CONTINGENCIES**

The Company is involved in various legal disputes and other legal proceedings that arise from time to time in the ordinary course of business. Based on currently available information, the Company does not believe that it is reasonably possible that the disposition of any of the legal disputes the Company or its subsidiaries is currently involved in will have a material adverse effect upon the Company's consolidated financial condition, results of operations or cash flows. There is a reasonable possibility of loss from contingencies in excess of the amounts accrued by the Company in the accompanying condensed consolidated balance sheets; however, the actual amounts of such possible losses cannot currently be reasonably estimated by the Company at this time. It is possible that, as additional information becomes available, the impact on the Company could have a different effect.

**NOTE 12. INCOME TAXES**

The Company's U.S. federal statutory tax rate of 21% and its foreign operations that are considered to be permanently reinvested have statutory tax rates of approximately 25%.

As of December 31, 2019, the Company's gross deferred tax asset was \$43,945. The Company had recorded a valuation allowance of \$28,632, resulting in a net deferred tax asset of \$15,313, before deferred tax liabilities of \$8,633. The Company has provided a valuation allowance against a portion of the deferred tax assets as of June 30, 2020 and December 31, 2019, because the ultimate realization of those assets did not meet the more likely than not criteria. The majority of the Company's deferred tax assets consist of net operating loss ("NOL") carryforwards for federal tax purposes. If a change in control were to occur, these could be limited under Section 382 of the Internal Revenue Code of 1986 ("Code"), as amended.

In assessing the realizability of deferred income tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible and net operating loss and credit carryforwards expire. The estimates and judgments associated with the Company's valuation allowance on deferred tax assets are considered critical due to the amount of deferred tax assets recorded by the Company on its consolidated balance sheet and the judgment required in determining the Company's future taxable income. The need for a valuation allowance is reassessed at each interim reporting period.

As of December 31, 2019, the Company had NOL and research and experimentation credit for U.S. federal income tax purposes of \$131,621 and \$4,250, respectively. The Company believes its NOL will offset some of its future U.S. federal income taxes. The majority of the Company's pre-tax income is currently earned and expected to be earned in the U.S., or taxed in the U.S. as Subpart F income and will be offset with the NOL.

NOLs available to offset taxable income, subject to compliance with Section 382 of the Code, begin to expire based upon the following schedule:

**Net Operating Loss Carryforward Expiration Dates**  
**December 31, 2019**

| <b>Expiration Dates December 31,</b> | <b>Net Operating Loss Amount</b> |
|--------------------------------------|----------------------------------|
| 2022                                 | \$ 111,049                       |
| 2023                                 | 5,712                            |

| 2025 and beyond                      | 11,294                           |
| <b>Total</b>                         | <b>\$ 131,621</b>                |

**NOTE 13. SEGMENT INFORMATION**

We operate our business structure within two segments. These segments are defined based on the internal financial reporting used by management. Certain significant selling and general and administrative expenses are not allocated to the segments including non-cash stock compensation expense. Each segment is described below:

- ① Our Black Diamond segment, which includes Black Diamond Equipment, PIEPS, and SKINourishment, is a global leader in designing, manufacturing, and marketing innovative outdoor engineered equipment and apparel for climbing, mountaineering, trail running, backpacking, skiing, and a wide range of other year-round outdoor recreation activities. Our Black Diamond segment offers a broad range of products including: high-performance, activity-based apparel (such as shells, insulation, midlayers, pants and logowear); rock-climbing footwear and equipment (such as carabiners, protection devices, harnesses, belay devices, helmets, and ice-climbing gear); technical backpacks and high-end day packs; trekking poles; headlamps and lanterns; gloves and mittens; and skincare and other sport-enhancing products. We also offer advanced skis, ski poles, ski skins, and snow safety products, including avalanche airbag systems, avalanche transceivers, shovels, and probes.

**CLARUS CORPORATION**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED**  
(Unaudited)  
(in thousands, except per share amounts)

- ① Our Sierra segment, which includes Sierra, is an iconic American manufacturer of a wide range of high-performance bullets and ammunition for both rifles and pistols. These bullets and ammunition are used for precision target shooting, hunting and military and law enforcement purposes.

As noted above, the Company has a wide variety of technical outdoor equipment and lifestyle products focused on the climb, ski, mountain and sport product categories that are sold to a variety of customers in multiple end markets. While there are multiple products sold, the terms and nature of revenue recognition policy is similar for all segments. The sport product category represents the Sierra segment revenue.

We divide our product offerings into four primary categories of climb, mountain, ski and sport. Revenue by category as a percentage of total consolidated revenues is as follows:

Contract liabilities are recorded as a component of accounts payable and accrued liabilities when customers remit contractual cash payments in advance of us satisfying performance obligations which are satisfied at a future point of time. Contract liabilities were not material at June 30, 2020 and December 31, 2019. Contract liabilities are derecognized when the performance obligation is satisfied. Revenue recognized from satisfaction of performance obligations relating to the advanced payments during the three and six months ended June 30, 2020 and 2019 were not material. No other material remaining performance obligations exist at June 30, 2020.

**Forward-Looking Statements**

Please note that in this Quarterly Report on Form 10-Q Clarus Corporation (which may be referred to as the "Company," "Clarus," "we," "our" or "us") may use words such as "appears," "anticipates," "believes," "plans," "expects," "intends," "future" and similar expressions which constitute forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are made based on our expectations and beliefs concerning future events impacting the Company and therefore involve a number of risks and uncertainties. We caution that forward-looking statements are not guarantees and that actual results could differ materially from those expressed or implied in the forward-looking statements.

Potential risks and uncertainties that could cause the actual results of operations or financial condition of the Company to differ materially from those expressed or implied by forward-looking statements in this Quarterly Report on Form 10-Q include, but are not limited to, the overall level of consumer demand on our products; general economic conditions and other factors affecting consumer confidence, preferences, and behavior; disruption and volatility in the global currency, capital and credit markets; the financial strength of the Company's customers; the Company's ability to implement its business strategy; the ability of the Company to execute and integrate acquisitions; changes in governmental regulation, legislation or public opinion relating to the manufacture and sale of bullets and ammunition by our Sierra segment, and the possession and use of firearms and ammunition by our customers; the Company's exposure to product liability or product warranty claims and other loss contingencies; disruptions and other impacts to the Company's business, as a result of the COVID-19 global pandemic and government actions and restrictive measures implemented in response; stability of the Company's manufacturing facilities and suppliers, as well as consumer demand for our products, in light of disease epidemics and health-related concerns such as the COVID-19 global pandemic; the impact that global climate change trends may have on the Company and its suppliers and customers; the Company's ability to protect patents, trademarks and other intellectual property rights; any breaches of, or interruptions in, our information systems; fluctuations in the price, availability and quality of raw materials and contracted products as well as foreign currency fluctuations; our ability to utilize our net operating loss carryforwards; changes in tax laws and liabilities, tariffs, legal, regulatory, political and economic risks; and the Company's ability to maintain a quarterly dividend. More information on potential factors that could affect the Company's financial results is included from time to time in the Company's public reports filed with the Securities and Exchange Commission, including the Company's Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K. All forward-looking statements included in this Quarterly Report on Form 10-Q are based upon information available to the Company as of the date of this Quarterly Report on Form 10-Q, and speak only as of the date hereof. We assume no obligation to update any forward-looking statements to reflect events or circumstances after the date of this Quarterly Report on Form 10-Q.

**Overview**

Headquartered in Salt Lake City, Utah, Clarus, a company focused on the outdoor and consumer industries, is seeking opportunities to acquire and grow businesses that can generate attractive shareholder returns. The Company has net operating tax loss carryforwards which it is seeking to redeploy to maximize shareholder value. Clarus' primary business is as a leading designer, developer, manufacturer and distributor of outdoor equipment and lifestyle products focused on the climb, ski, mountain, sport and skincare markets. The Company's products are principally sold under the Black Diamond®, Sierra®, PIEPS® and SKINourishment® brand names through outdoor specialty and online retailers, distributors and original equipment manufacturers throughout the U.S. and internationally.

Through our Black Diamond, PIEPS, and SKINourishment brands, we offer a broad range of products including: high-performance, activity-based apparel (such as shells, insulation, midlayers, pants and logowear); rock-climbing footwear and equipment (such as carabiners, protection devices, harnesses, belay devices, helmets, and ice-climbing gear); technical backpacks and high-end day packs; trekking poles; headlamps and lanterns; gloves and mittens; and skincare and other sport-enhancing products. We also offer advanced skis, ski poles, ski skins, and snow safety products, including avalanche airbag systems, avalanche transceivers, shovels, and probes. Through our Sierra brand, we manufacture a wide range of high-performance bullets and ammunition for both rifles and pistols that are used for precision target shooting, hunting and military and law enforcement purposes.

Clarus, incorporated in Delaware in 1991, acquired Black Diamond Equipment, Ltd. ("Black Diamond Equipment") in May 2010 and changed its name to Black Diamond, Inc. in January 2011. In October 2012, we acquired PIEPS Holding GmbH and its subsidiaries (collectively, "PIEPS").

**CLARUS CORPORATION**  
**MANAGEMENT DISCUSSION AND ANALYSIS**  
**(in thousands, except per share amounts)**

On August 14, 2017, the Company changed its name from Black Diamond, Inc. to Clarus Corporation and its stock ticker symbol from “BDE” to “CLAR” on the NASDAQ stock exchange. On August 21, 2017, the Company acquired Sierra Bullets, L.L.C. (“Sierra”). On November 6, 2018, the Company acquired the assets of SKINourishment, Inc. (“SKINourishment”).

On August 6, 2018, the Company announced that its Board of Directors approved the initiation of a quarterly cash dividend program of \$0.025 per share of the Company’s common stock (the “Quarterly Cash Dividend”) or \$0.10 per share on an annualized basis. The declaration and payment of future Quarterly Cash Dividends is subject to the discretion of and approval of the Company’s Board of Directors. On May 1, 2020, the Company announced that, in light of the COVID-19 pandemic, its Board of Directors had temporarily replaced its Quarterly Cash Dividend with a stock dividend and on July 31, 2020, the Company announced that the stock dividend will continue for the quarter ending September 30, 2020. Each record holder of shares of the Company’s common stock as of the close of business on August 10, 2020 (the “Record Date”) will be entitled to receive 0.0021 of a share of the Company’s common stock for each share of common stock held on the Record Date. The Company will distribute the stock dividend on August 21, 2020, the distribution date. No fractional shares will be issued, and stockholders will receive cash for such fractional interests based on the closing market price of the Company’s common stock on the Record Date. The quarterly stock dividend will have a value of \$0.025 per share, based on the closing market price on July 30, 2020. The dividend reflects an aggregate distribution of approximately 63 shares with a market value of approximately \$747.

**Impact of COVID-19**

The global outbreak of COVID-19 was declared a pandemic by the World Health Organization and a national emergency by the U.S. government in March 2020, with governments world-wide implementing safety measures restricting travel and requiring citizen lockdowns and self-confinements for quarantining purposes. This has negatively affected the U.S. and global economy, disrupted global supply chains, and resulted in significant transport restrictions and disruption of financial markets. The impact of this pandemic has created significant uncertainty in the global economy and has affected our business, employees, retail and distribution partners, suppliers, and customers.

The decline in retail demand within our Black Diamond segment over the second half of March 2020 and during the three months ended June 30, 2020, negatively impacted our sales and profitability for the first and second quarters of 2020. We also expect an adverse impact on the Company’s sales and profitability in future periods. The duration of these trends and the magnitude of such impacts cannot be precisely estimated at this time, as they are affected by a number of factors (some of which are outside management’s control), including those presented in Item 1A. Risk Factors of our Quarterly Report for the quarterly period ended March 31, 2020. We generally expect the second quarter of 2020 to be the most significantly impacted with sequential improvement throughout the remainder of the fiscal year.

We are mitigating some of the negative impacts to our operating results by taking significant actions to improve our current operating results and liquidity position, including drawing on the credit facility, suspending share repurchases and cash dividends, postponing non-essential capital expenditures, reducing operating costs, modulating production in line with demand, initiating workforce reductions and furloughs, and substantially reducing discretionary spending. We will continue to adjust mitigation measures as needed related to health and safety. Those measures have and might continue to include temporarily suspending manufacturing or retail operations, modifying workspaces, continuing social distancing policies, implementing new personal protective equipment or health screening policies at our facilities, or such other industry best practices needed to continue maintain a healthy and safe environment for our employees amidst the pandemic.

These countermeasures are expected to partially mitigate the impacts of COVID-19 on our full year 2020 financial results. As the impact of the COVID-19 pandemic on the economy and our operations evolves, we will continue to assess the impact on the Company and respond accordingly.

Sustained adverse impacts to the Company, certain suppliers, dealers or customers may also affect the Company’s future cash flows, liquidity, and valuation of certain assets and therefore may increase the likelihood of an impairment charge, write-off, or reserve associated with such assets, including goodwill, indefinite and finite-lived intangible assets, property and equipment, inventories, accounts receivable, tax assets, and other assets.

**Critical Accounting Policies and Use of Estimates**

Management’s discussion of our financial condition and results of operations is based on the condensed consolidated financial statements, which have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”). The preparation of the condensed consolidated financial statements requires us to make estimates and assumptions that affect the reported amounts of assets

and liabilities and disclosure of contingent liabilities at the date of the condensed consolidated financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting periods. We base our estimates on historical experience and other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from these estimates.

There have been no significant changes to our critical accounting policies as described in our Annual Report on Form 10-K for the year ended December 31, 2019.

*Sales*

Consolidated sales decreased \$16,980, or 36.1%, to \$30,014 during the three months ended June 30, 2020, compared to consolidated sales of \$46,994 during the three months ended June 30, 2019. We believe lower consumer demand related to the COVID-19 pandemic drove a decrease in the quantity of new and existing climb, mountain, and ski products sold during the period. We also experienced a decrease in sales of \$139 due to the strengthening of the U.S. dollar against foreign currencies during the three months ended June 30, 2020 compared to the prior period. These decreases were partially offset by an increase in the quantity of new and existing sport products sold of \$663.

Consolidated domestic sales decreased \$8,163, or 28.7%, to \$20,259 during the three months ended June 30, 2020, compared to consolidated domestic sales of \$28,422 during the three months ended June 30, 2019. We believe the decrease in domestic sales was attributable to lower consumer demand related to the COVID-19 pandemic, which drove a decrease in the quantity of new and existing climb, mountain, and ski products sold during the period. This decrease was partially offset by an increase in the quantity of new and existing sport products sold of \$2,246.

Consolidated international sales decreased \$8,817, or 47.5%, to \$9,755 during the three months ended June 30, 2020, compared to consolidated international sales of \$18,572 during the three months ended June 30, 2019. We believe the decrease in international sales was attributable to lower consumer demand related to the COVID-19 pandemic, which drove a decrease in the quantity of new and existing climb, mountain, and ski products sold during the period. We also experienced a decrease in the quantity of new and existing

sport products sold of \$1,583 and a decrease in sales of \$139 due to the strengthening of the U.S. dollar against foreign currencies during the three months ended June 30, 2020 compared to the prior period.

*Cost of Goods Sold*

Consolidated cost of goods sold decreased \$11,624, or 37.5%, to \$19,378 during the three months ended June 30, 2020, compared to consolidated cost of goods sold of \$31,002 during the three months ended June 30, 2019. The decrease in cost of goods sold was primarily attributable to a decrease in the number of units sold due to lower consumer demand related to the COVID-19 pandemic.

*Gross Profit*

Consolidated gross profit decreased \$5,356 or 33.5%, to \$10,636 during the three months ended June 30, 2020, compared to consolidated gross profit of \$15,992 during the three months ended June 30, 2019. Consolidated gross margin was 35.4% during the three months ended June 30, 2020, compared to a consolidated gross margin of 34.0% during the three months ended June 30, 2019. Consolidated gross margin during the three months ended June 30, 2020, increased compared to the prior year due to a favorable product mix in higher margin products all the while experiencing unfavorable impacts on our supply chain and logistic activities due to the COVID-19 pandemic, along with negative impacts from foreign currency and tariffs.

*Selling, General and Administrative*

Consolidated selling, general, and administrative expenses decreased \$2,699, or 15.7%, to \$14,493 during the three months ended June 30, 2020, compared to consolidated selling, general and administrative expenses of \$17,192 during the three months ended June 30, 2019. The decrease in selling, general and administrative expenses reflect the cost-saving initiatives implemented in response to the COVID-19 pandemic, primarily related to reductions within sales, marketing, and logistics.

*Transaction Costs*

Consolidated transaction expense increased to \$180 during the three months ended June 30, 2020, compared to consolidated transaction costs of \$41 during the three months ended June 30, 2019, which consisted of expenses related to the Company's efforts to acquire S.K.B. Corporation.

*Interest Expense, net*

Consolidated interest expense, net during the three months ended June 30, 2020 remained consistent with consolidated interest expense, net, during the three months ended June 30, 2019.

*Other, net*

Consolidated other, net, income increased \$223, or 121.9%, to \$406 during the three months ended June 30, 2020, compared to consolidated other, net income of \$183 during the three months ended June 30, 2019. The increase in other, net, was primarily attributable to an increase in remeasurement gains recognized on the Company's foreign denominated accounts receivable and accounts payable. This decrease was partially offset by losses on mark-to-market adjustments on non-hedged foreign currency contracts.

*Income Taxes*

Consolidated income tax benefit increased \$466, or 68.6%, to \$1,145 during the three months ended June 30, 2020, compared to a consolidated income tax benefit of \$679 during the same period in 2019. Our effective income tax rate was 29.4% for the three months ended June 30, 2020, and was higher compared to the statutory tax rates due to permanent book to tax differences primarily related to incentive stock options. For the three months ended June 30, 2019, our effective income tax rate was 49.5% and was higher compared to the statutory tax rates due to a stock compensation windfall.

*Sales*

Consolidated sales decreased \$24,643, or 22.8%, to \$83,569 during the six months ended June 30, 2020, compared to consolidated sales of \$108,212 during the six months ended June 30, 2019. We believe lower consumer demand related to the COVID-19 pandemic drove a decrease in the quantity of new and existing climb, mountain, and ski products sold during the period. We also experienced a decrease in the quantity of new and existing sport products sold of \$394 and a decrease in sales of \$577 due to the strengthening of the U.S. dollar against foreign currencies during the six months ended June 30, 2020 compared to the prior period.

Consolidated domestic sales decreased \$10,204, or 17.3%, to \$48,807 during the six months ended June 30, 2020, compared to consolidated domestic sales of \$59,011 during the six months ended June 30, 2019. We believe the decrease in domestic sales was attributable to lower consumer demand related to the COVID-19 pandemic, which drove a decrease in the quantity of new and existing climb, mountain, and ski products sold during the period. This decrease was partially offset by an increase in the quantity of new and existing sport products sold of \$2,049.

Consolidated international sales decreased \$14,439, or 29.3%, to \$34,762 during the six months ended June 30, 2020, compared to consolidated international sales of \$49,201 during the six months ended June 30, 2019. We believe the decrease in international sales was attributable to lower consumer demand related to the COVID-19 pandemic, which drove a decrease in the quantity of new and existing climb, mountain, and ski products sold during the period. We also experienced a decrease in the quantity of new and existing sport products sold of \$2,443 and a decrease in sales of \$577 due to the strengthening of the U.S. dollar against foreign currencies during

the six months ended June 30, 2020 compared to the prior period.

*Cost of Goods Sold*

Consolidated cost of goods sold decreased \$15,743, or 22.4%, to \$54,421 during the six months ended June 30, 2020, compared to consolidated cost of goods sold of \$70,164 during the six months ended June 30, 2019. The decrease in cost of goods sold was primarily attributable to a decrease in the number of units sold due to lower consumer demand related to the COVID-19 pandemic.

*Gross Profit*

Consolidated gross profit decreased \$8,900 or 23.4%, to \$29,148 during the six months ended June 30, 2020, compared to consolidated gross profit of \$38,048 during the six months ended June 30, 2019. Consolidated gross margin was 34.9% during the six months ended June 30, 2020, compared to a consolidated gross margin of 35.2% during the six months ended June 30, 2019. Consolidated gross margin during the six months ended June 30, 2020, decreased compared to the prior year due to unfavorable impacts on our supply chain and logistic activities due to the COVID-19 pandemic, along with negative impacts from foreign currency and tariffs.

*Selling, General and Administrative*

Consolidated selling, general, and administrative expenses decreased \$2,909, or 8.4%, to \$31,863 during the six months ended June 30, 2020, compared to consolidated selling, general and administrative expenses of \$34,772 during the six months ended June 30, 2019. The decrease in selling, general and administrative expenses reflect the cost-saving initiatives implemented in response to the COVID-19 pandemic, primarily related to reductions within sales, marketing, and logistics.

*Restructuring Charges*

Consolidated restructuring expense decreased to \$0 during the six months ended June 30, 2020, compared to consolidated restructuring expense of \$13 during the six months ended June 30, 2019. Restructuring expenses incurred during the six months ended June 30, 2019, related to costs associated with the formal closure and liquidation of the Company's Black Diamond Equipment manufacturing operations in Zhuhai, China.

*Transaction Costs*

Consolidated transaction expense increased to \$430 during the six months ended June 30, 2020, compared to consolidated transaction costs of \$87 during the six months ended June 30, 2019, which consisted of expenses related to the Company's efforts to acquire S.K.B. Corporation.

*Interest Expense, net*

Consolidated interest expense, net during the six months ended June 30, 2020 remained consistent with consolidated interest expense, net, during the six months ended June 30, 2019.

*Other, net*

Consolidated other, net, decreased \$285, or 178.1%, to expense of \$125 during the six months ended June 30, 2020, compared to consolidated other, net income of \$160 during the six months ended June 30, 2019. The decrease in other, net, was primarily attributable to an increase in remeasurement losses recognized on the Company's foreign denominated accounts receivable and accounts payable. This decrease was partially offset by gains on mark-to-market adjustments on non-hedged foreign currency contracts.

*Income Taxes*

Consolidated income tax benefit increased \$749, or 196.1%, to \$1,131 during the six months ended June 30, 2020, compared to a consolidated income tax benefit of \$382 during the same period in 2019. Our effective income tax rate was 29.5% for the six months ended June 30, 2020, and was higher compared to the statutory tax rates due to permanent book to tax differences primarily related to incentive stock options. For the six months ended June 30, 2019, our effective income tax rate was 14.1% and is lower compared to the statutory tax rates due to a discrete benefit associated with a release of a tax reserve. Factors that could cause our annual effective tax rate to differ materially from our quarterly effective tax rates include changes in the geographic mix of taxable income and discrete events that may occur.

**Liquidity and Capital Resources**

*Condensed Consolidated Six Months Ended June 30, 2020 Compared to Condensed Consolidated Six Months Ended June 30, 2019*

Our primary ongoing funding requirements are for working capital, expansion of our operations (both organically and through acquisitions) and general corporate needs, as well as investing activities associated with the expansion into new product categories. We plan to fund these activities through a combination of our future operating cash flows and revolving credit facility which had approximately \$50,400 available to borrow at June 30, 2020. We believe that our liquidity requirements for at least the next 12 months will be adequately covered by cash provided by operations and our existing revolving credit facility. However, as the impact of the COVID-19 pandemic on the economy and our operations evolves, we will continue to assess our liquidity needs. The COVID-19 pandemic has negatively affected the U.S. and global economies, disrupted global supply chains, and resulted in significant travel and transport restrictions and disruption of financial markets. An extended period of global supply chain and economic disruption could materially affect our business, results of operations, ability to meet debt covenants, access to sources of liquidity and financial condition. Given the economic uncertainty as a result of the pandemic, we have taken actions to improve our current liquidity position, including drawing on the credit facility, suspending share repurchases and cash dividends, postponing nonessential capital expenditures, reducing operating costs, modulating production in line with demand, initiating workforce reductions and furloughs, and substantially reducing discretionary spending. Further, we borrowed \$20,000 under the term loan portion of the Credit Agreement to increase our overall liquidity. The proceeds borrowed on the term loan were used to pay down amounts outstanding on our revolving loan commitment. The Company is required to repay the term loan through quarterly payments of \$1,000 each beginning with September 30, 2020, and any remaining obligations will be repaid in full on the maturity date of the Credit Agreement of May 3, 2024.

At June 30, 2020, we had total cash of \$21,538, compared to a cash balance of \$1,703 at December 31, 2019, which was substantially controlled by the Company's U.S. entities. At June 30, 2020, the Company had \$5,793 of the \$21,538 in cash held by foreign entities, of which \$1,281 is considered permanently reinvested.

The following presents a discussion of cash flows for the condensed consolidated six months ended June 30, 2020 compared with the condensed consolidated six months ended June 30, 2019.

*Net Cash From Operating Activities*

Consolidated net cash provided by operating activities was \$14,442 during the six months ended June 30, 2020, compared to \$9,672 during the six months ended June 30, 2019. The increase in net cash provided by operating activities during 2020 is primarily due to an increase in net operating assets, or non-cash working capital, of \$12,254, partially offset by a decrease in net income and change in deferred taxes during the six months ended June 30, 2020, compared to the same period in 2019.

(in thousands, except per share amounts)

Free cash flow, defined as net cash provided by operating activities less capital expenditures, of \$12,421 was generated during the six months ended June 30, 2020 compared to \$7,678 generated during the same period in 2019. The Company believes that the non-GAAP measure, free cash flow, provides an understanding of the capital required by the Company to expand its asset base. A reconciliation of free cash flows to comparable GAAP financial measures is set forth below:

|   | <b>Six Months Ended</b> |                      |

*Net Cash From Investing Activities*

Consolidated net cash used in investing activities was \$2,018 during the six months ended June 30, 2020, compared to \$1,993 during the six months ended June 30, 2019. The increase in cash used during the six months ended June 30, 2020 is due to an increase in purchases of property and equipment, compared to the same period in 2019.

*Net Cash From Financing Activities*

Consolidated net cash provided by financing activities was \$7,397 during the six months ended June 30, 2020, compared to consolidated net cash used of \$8,195 during the six months ended June 30, 2019. The increase in cash provided during the six months ended June 30, 2020 compared to the same period in 2019 was primarily due to the proceeds of \$20,000 borrowed under the term loan partially offset by net repayments to the revolving line of credit.

*Net Operating Loss*

As of December 31, 2019, the Company had net operating loss and research and experimentation credit for U.S. federal income tax purposes of \$131,621 and \$4,250, respectively. The Company believes its U.S. Federal NOL will offset some of its future U.S. Federal income taxes. The majority of the Company's pre-tax income is currently earned and expected to be earned in the U.S., or taxed in the U.S. as Subpart F income and will be offset with the NOL. \$131,621 of net operating losses available to offset taxable income does not expire until 2022 or later, subject to compliance with Section 382 of the Internal Revenue Code of 1986, as amended.

As of December 31, 2019, the Company's gross deferred tax asset was \$43,945. The Company has recorded a valuation allowance of \$28,632, resulting in a net deferred tax asset of \$15,313, before deferred tax liabilities of \$8,633. The Company has provided a valuation allowance against a portion of the net deferred tax assets as of June 30, 2020 and December 31, 2019, because the ultimate realization of those assets does not meet the more likely than not criteria. The majority of the Company's deferred tax assets consist of net operating loss carryforwards for federal tax purposes. If a change in control were to occur, these could be limited under Section 382 of the Internal Revenue Code of 1986 ("Code"), as amended.

*Credit Agreement*

On May 3, 2019, the Company together with certain of its direct and indirect domestic subsidiaries (the "Borrowers") and the other loan parties party thereto entered into a Credit Agreement with JPMorgan Chase Bank, N.A., as administrative agent, and the lenders from time to time party thereto, for borrowings of up to \$60,000 under a revolving credit facility (including up to \$5,000 for letters of credit), and borrowings of up to \$40,000 under a term loan facility that is available to be drawn until May 3, 2020. The Credit Agreement also permits the Borrowers, subject to certain requirements, to arrange with lenders for an aggregate of up to \$50,000 of additional revolving and/or term loan commitments (both of which are currently uncommitted), for potential aggregate revolving and term loan commitments under the Credit Agreement of up to \$150,000. The Credit Agreement matures on May 3, 2024.

The Borrowers may elect to have the revolving and term loans under the Credit Agreement bear interest at an alternate base rate or a Eurodollar rate plus an applicable rate. The applicable rate for these borrowings will range from 0.50% to 1.25% per annum, in the case of alternate base rate borrowings, and 1.50% to 2.25% per annum, in the case of Eurodollar borrowings. The applicable rate was initially 0.875% per annum, in the case of alternate base rate borrowings, and 1.875% per annum, in the case of Eurodollar borrowings, however, it may be adjusted from time to time based upon the level of the Company's consolidated total leverage ratio. The Credit Agreement also requires the Borrowers to pay a commitment fee on the unused portion of the revolving and term loan commitments. Such

commitment fee will range between 0.15% and 0.25% per annum, and is also based upon the level of the Company's consolidated total leverage ratio.

As of June 30, 2020, the Company had drawn approximately \$9,566 of the \$60,000 revolving loan commitment, and \$20,000 of the \$40,000 term loan commitment, that was available for borrowing under the Credit Agreement. As of June 30, 2020, the interest rate for such loans was 1.7500% and 1.6875%, respectively. On April 30, 2020, the Company borrowed \$20,000 under the term loan facility and used the proceeds to pay down amounts outstanding under the revolving portion of the Credit Agreement. The Company is required to repay the term loan through quarterly payments of \$1,000 each beginning with September 30, 2020, and any remaining obligations will be repaid in full on the maturity date of the Credit Agreement of May 3, 2024.

The Credit Agreement contains restrictions on the Company's ability to pay dividends or make distributions or other restricted payments if certain conditions in the Credit Agreement are not fulfilled. The Credit Agreement also includes other customary affirmative and negative covenants, including financial covenants relating to the Company's consolidated total leverage ratio and fixed charge coverage ratio. The Company was in compliance with the debt covenants set forth in the Credit Agreement as of June 30, 2020.

***Off-Balance Sheet Arrangements***

We do not engage in any transactions or have relationships or other arrangements with unconsolidated entities. These include special purpose and similar entities or other off-balance sheet arrangements. We also do not engage in energy, weather or other commodity-based contracts.

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

There has not been any material change in the market risk disclosure contained in our Annual Report on Form 10-K for the year ended December 31, 2019.

**ITEM 4. CONTROLS AND PROCEDURES**

**Evaluation of Disclosure Controls and Procedures**

The Company's management carried out an evaluation, under the supervision and with the participation of the Company's Executive Chairman and Chief Administrative Officer/Chief Financial Officer, its principal executive officer and principal financial officer, respectively, of the effectiveness of the design and operation of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-151 and 15d-15(e) under the Securities Exchange Act of 1934, as amended ("Exchange Act")) as of March 31, 2020, pursuant to Exchange Act Rule 13a-15. Such disclosure controls and procedures are designed to ensure that information required to be disclosed by the Company is accumulated and communicated to the appropriate management on a basis that permits timely decisions regarding disclosure. Based upon that evaluation, the Company's Executive Chairman and Chief Administrative Officer/Chief Financial Officer concluded that the Company's disclosure controls and procedures as of June 30, 2020, were effective.

**Changes in Internal Control over Financial Reporting**

There has been no change in our internal control over financial reporting that occurred during the six months ended June 30, 2020, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

**PART II. OTHER INFORMATION**

**ITEM 1. LEGAL PROCEEDINGS**

**Legal Proceedings**

The Company is involved in various legal disputes and other legal proceedings that arise from time to time in the ordinary course of business. Based on currently available information, the Company does not believe that the disposition of any of the legal disputes the Company or its subsidiaries is currently involved in will have a material adverse effect upon the Company's consolidated financial condition, results of operations or cash flows. It is possible that, as additional information becomes available, the impact on the Company of an adverse determination could have a different effect.

**Litigation**

The Company is involved in various lawsuits arising from time to time that the Company considers ordinary routine litigation incidental to its business. Amounts accrued for litigation matters represent the anticipated costs (damages and/or settlement amounts) in connection with pending litigation and claims and related anticipated legal fees for defending such actions, which legal fees are expensed as incurred. The costs are accrued when it is both probable that a liability has been incurred and the amount can be reasonably estimated. The accruals are based upon the Company's assessment, after consultation with counsel (if deemed appropriate), of probable loss based on the facts and circumstances of each case, the legal issues involved, the nature of the claim made, the nature of the damages sought and any relevant information about the plaintiffs and other significant factors that vary by case. When it is not possible to estimate a specific expected cost to be incurred, the Company evaluates the range of probable loss and records the minimum end of the range. Based on currently available information, the Company does not believe that it is reasonably possible that the disposition of any of the legal disputes the Company or its subsidiaries is currently involved in will have a material adverse effect upon the Company's consolidated financial condition, results of operations or cash flows. There is a reasonable possibility of loss from contingencies in excess of the amounts accrued by the Company in the accompanying condensed consolidated balance sheets; however, the actual amounts of such possible losses cannot currently be reasonably estimated by the Company at this time. It is possible that, as additional information becomes available, the impact on the Company could have a different effect.

**Product Liability**

As a consumer goods manufacturer and distributor, the Company faces the risk of product liability and related lawsuits involving claims for substantial money damages, product recall actions and higher than anticipated rates of warranty returns or other returns of goods. The Company is therefore vulnerable to various personal injury and property damage lawsuits relating to its products and incidental to its business.

Based on current information, there are no pending product liability claims and lawsuits of the Company, which the Company believes in the aggregate, will have a material adverse effect on the Company's consolidated financial position, results of operations or cash flows.

**ITEM 1A. RISK FACTORS**

Except for the risk factors presented in Item 1A. Risk Factors of our Quarterly Report for the quarterly period ended March 31, 2020, there have been no material changes in our risk factors from those disclosed in Part I, Item 1A. of the Company's Annual Report on Form 10-K for the year ended December 31, 2019.

## CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER

I, Warren B. Kanders, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Clarus Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
